WATER/SEWER DEPT: Heather Thomas from CGA shared information on four inch sewer pumps that would improve efficiency, especially during heavy flow. Randy shared sewer pumps can wait until a complete sewer system rehab, which will be needed in approximately 15 or 20 years. Randy and Brad are both available to monitor current pumps during heavy flow (rains). Randy shared it is more economical to wait and do it all at once, since it is manageable, currently.

FIRE DEPT: The department was called out for a car fire in town. Midwest Fire has addressed issues with Fire Rescue/Brush Truck. The 1993 F350 has been sold.

OLD BUSINESS: 1. Nuisance property issues continue, and council has decided to address one property at a time with city attorney, starting with an abandoned house on Wadeloup Street. Sale of the city-owned lot was discussed and research will be done on how much to advertise it for.
